## DAY BY DAY ITINERARY

### Day 1

Embarkation at Lavrion port between 14:00-15:00. Enjoy a refreshing welcome drink during your smooth check-in. We set sail for the beautiful island of Kythnos, known also as Thermia, due to the famous thermal baths located in the area of Loutra. Dinner onboard. Overnight at Kythnos.

### Day 2

Enjoy a morning swim stop before arriving at the dreamy island of Sifnos, with its traditional, white-washed architecture, its famous hiking trails and a sizzling food scene. Lunch onboard. Hike one of the many “Sifnos trails” or choose an optional excursion to the medieval ancient castle and the most photographed spot of Sifnos, the church of Seven Martyrs. Explore Apollonia, the picturesque capital, named after the God of light Apollo. Opt for a cooking experience with locals or enjoy lunch at one of the many tavernas. Overnight at port.

### Day 3

Wake up at a beautiful and uninhabited Aegean island, Polyaigos, an exotic paradise, home to a dwindling population of Mediterranean seals, often hunting for fish near the sea coves. Swim in the amazing green waters and walk the beautiful beaches, which make this island truly unique. Lunch on board. In the afternoon we set sail to Kimolos island, a true hidden gem. Evening at leisure to explore the fairy-tale like chora of Kimolos. Overnight at port.

### Day 4

Morning arrival at the iconic Sarakiniko beach, its milky blue waters and spectacular white rock lunar landscape. Lunch on board. In the afternoon we set sail to Folegandros, a deeply authentic and romantic island in the Cyclades. Explore the charming Chora village with its whitewashed buildings and vibrant streets or visit the iconic Church of Panagia, perched high above the sea and Kastro, the most picturesque part of Chora. Overnight at port

### Day 5

Sail to Sikinos in the morning, the hidden treasure of Cyclades. The main attraction, besides the serenity of Chora and the beautiful landscapes, is the Monastery of Chrysopigi, with a spectacular view. Moreover, it is worth visiting the Episkopi Monastery and the archaeological site of Agia Marina. The island has a handful of beaches with crystal clean waters and usually very few people. Lunch onboard. Early afternoon arrival in Santorini for an excursion to Akrotiri pre-historic excavation site and mesmerizing Oia village. Find your perfect dinner spot and experience the world-famous Santorini sunset. Overnight at Santorini.

### Day 6

Set sail to Ios island early morning and enjoy a morning swim stop at Maganari Beach, one of the most beautiful sandy beaches in Greece. Lunch onboard. Afternoon arrival at calm and romantic Antiparos, where Tom Hanks and Rita Wilson have their summer home. Visit the small-town local boutiques and the castle of Antiparos. Enjoy a dinner under the stars. Overnight at Antiparos.

### Day 7

Morning arrival in Serifos, a lesser-known island of distinct Cycladic flair, dotted with windmills, white-washed chapels, pristine beaches and many sites of cultural interest. Optional excursion to discover the island. Afternoon sailing to Sounion, with cocktails along the way. As the sun sets, enjoy your farewell dinner under the stars and the mesmerising view of the Temple of Poseidon. Late afternoon we set sail for our return to Athens.

## Day 8

The health and well-being of passengers and crew is our highest priority. The smaller, more intimate size of the Gemaya is on its own an assurance of a higher safety level. We are actively following all World Health Organization updates regarding Covid-19 and adjust our strategies accordingly, to ensure we meet the latest guidance of hygiene and cleaning.

These are some of the measures applied on board the Gemaya.

- Crew members are monitored daily for good health
- UV sterilization of all staterooms and public areas
- Use of approved disinfecting cleaning products effective against viruses
- Strict cleaning and disinfecting protocols are also applied “behind the scenes” in areas like the kitchen, laundry room, crew quarters
- Air management, enhanced filters and other technologies are applied where feasible to ensure fresh air circulation

**See you soon onboard the Gemaya!**
